

# Hallett Advisors

*Plan Well • Live Well*

To our valued clients,

We're moving! After 24 amazing years overlooking downtown Port Angeles, we are relocating our expanding practice just down the road. With the welcome addition of full-time advisor Tim Martin, and our Portland-based advisors Jim Holst (CFP®) and Christine Cruz more frequently onsite, our new location offers the space we need to grow and serve the community.

We are in the process of renovating the site of the former Café Garden restaurant into our new office, retaining the greenway and reimagining the space to best suit the needs of our clients and employees. We are proud to become the new stewards of this location.

Our hours of operation will remain unchanged, and dropping by for an appointment, a chat with Jason, or to pick up one of our calendars will be just as easy as pulling in to our new parking lot!

We will keep you informed as we get closer to the move, which we expect to occur in early 2022. We look forward to showcasing the new office!

Best wishes for a wonderful Autumn.

Sincerely,  
Hallett Advisors
